HOURS & RESTROOMS: Hours vary, please check websites for up-to-date info and availability of restroom facilities.

PETS: While it may seem like farms are wide open places for your dog to run, it's not a good idea to bring your dog to the farm for a number of reasons. Dogs and farm animals don't often mix. Dogs and lots of other people don't often mix. New federal regulations prohibit animals from crop growing areas because of potential food safety concerns. It's best to leave the dog at home, or at minimum, call and find out if pets are welcome at the farm.

Listing information is subject to change at any time. Please call ahead for the most up-to-date information. Map locations are approximate.
