By the SCC Conservation Grant Program**

The State Conservation Committee has awarded \$230,640 in Conservation ‘Moose Plate’ Grants to sixteen New Hampshire municipalities and conservation organizations.

The State Conservation Committee’s 2015 Conservation Grant Program has awarded funds to sixteen projects that will enhance New Hampshire’s environment by promoting the sustainability of the state’s natural resources. “It was a very competitive grant round with great conservation projects. The successful 2015 grants will further the SCC’s six conservation priorities - improvement of water quality, protection of wildlife habitat, prevention of erosion and flooding, implementation of best management practices, conservation planning, and the permanent protection of conservation land,” said Dea Brickner-Wood, Administrator for the SCC’s Conservation Grant Program. To view a list of the 2015 grant recipients and to learn more about the State Conservation Committee’s annual Conservation Grant Program, visit www.nh.gov/scc/grants
