

Attention Firewood Buyers:
Tips to Avoid Getting Burned!

- *Avoid prepaying for firewood;*
- *Pay for each delivery separately if receiving multiple deliveries;*
- *When ordering from someone you don't know, ask for references or ask a friend or relative who has a trusted source;*
- *If the price seems too good to be true, then it probably is;*
- *Get a receipt from the seller with his or her name, address, phone number, and quantity ordered and delivered;*
- *Make sure the receipt reflects the form of payment (especially if paying in cash);*
- *When the firewood delivery is received, stack it immediately.*
- *If the concern is the amount of firewood delivered, it must be stacked before someone from the Division of Weights and Measures can determine the most accurate measure;*
- *Avoid using any wood if you suspect it is short measure – if you do, it is more difficult for the Division to assist;*
- *Avoid mixing the new delivery with wood that you may already have.*

If you have problems, contact the seller directly to try to resolve it. If you have concerns, go to the NH Dept. of Agriculture, Markets & Food, Division of Weights and Measures website at: www.agriculture.nh.gov for more information or call (603) 271-3700.
