

SECTION 8: Shared Equipment §205.272

Is the same equipment that is (owned, borrowed, rented, leased, or lent) used on land that is certified organic also used on *non-organic* land? This question includes contract work done on your farm. ☐ Yes ☐ No

If Yes, indicate the type of shared equipment that comes in direct contact with crop, seeds, input materials, soil, anything that poses a potential contamination risk:

- ☐ Field Prep ☐ Planting ☐ Material application (sprayer, spreaders, etc.) ☐ Harvesting ☐ Haying
☐ Post Harvest Handling ☐ Transportation ☐ Mowing/Trimming ☐ Other: _____

Shared Farm Equipment Table: List only equipment that is used on non-certified land prior to use on certified parcels.

Equipment	Cleaning Log Kept Y/N

For equipment used on organic and conventional crops and for equipment used for custom work, explain the cleaning steps that are in place and how you verify that the equipment was cleaned prior to use on your organic parcels:
