

NHDAMF ORGANIC CERTIFICATION PROGRAM

INPUT MATERIAL COMPOSITION AFFIDAVIT

This document must be filled out when an input material is sourced off site for use in an organic operation certified by New Hampshire Department of Agriculture, Markets & Food. It shall be submitted with the annual OSP or when the material is purchased during the growing season. It is to be completed by a knowledgeable person affiliated with the farm. When the NHDAMF operation cannot attest to the composition of the material, then the supplier of the material should complete the information below.

Name of NHDAMF Certified Operation: _____

Address: _____
