

NHDAMF ORGANIC CERTIFICATION PROGRAM

OFF-FARM COMPOST AFFIDAVIT

This document must be filled out when compost is sourced off site for use in an organic operation certified by New Hampshire Department of Agriculture, Markets & Food. It shall be submitted with the annual OSP or when compost is purchased during the growing season. It is to be completed by a knowledgeable person affiliated with the source facility or farm. This form needs to be submitted when a different ID/Lot # is different from the previously purchased compost.

Name of NHDAMF Certified Operation: _____

Address: _____

Material Purchased: ☐ Plant Based Compost ☐ Compost With an Animal Component

Source of Compost: _____

Address: _____

Compost Feedstocks: _____

If the compost has an animal component, records must verify that the material is compliant to NOP§205.203(c)(2). Documentation from the supplier showing that the compost meets the NOP regulation must accompany a purchase receipt and be provided at the inspection. If compost is 100% plant based, there is no requirement for records of heating and turning.

Compost purchased on _____ with ID/Lot # _____, is compliant to NOP§205.203(c)(2).

Compliance verified using: ☐ Accompanying Facility Records ☐ OMRI Certificate

☐ Third Party Documentation: _____

☐ NA, plant based only

I, (name of authorized person) _____, representing the supplier/source of the above material, attests that the above information is true and correct.

Authorized Person's Signature: _____

Date: _____
