Product	1	2	3	4	5	6	7	8	9	10	11	12	Complies Yes/No

1. For products labeled as "Organic", does the label contain the % of organic ingredients in the product?
2. Does the % statement exceed one half the size of the largest type size on the panel on which the statement is displayed?
3. Does the % statement appear in its entirety in the same type size, style, and color without highlighting?
4. Is this a multi-ingredient Product labeled as 100% Organic?
5. If product is labeled organic does it identify each organic ingredient in the ingredient statement?
6. Does the ingredient statement identify water or salt as organic?
7. Does the label (on the information panel) identify the name of the ACA that certified the handler of the finished product preceded by the statement, "Certified organic by ***, "?
8. Is the ACA identifying statement on the information panel and below the information identifying the handler or distributor of the product?
9. Does the label use the ACA's seal or logo?
10. Is the ACA seal or logo individually displayed more prominently than the USDA seal?
11. Does it contain the USDA seal?
12. Does the seal replicate the form and design of figure 1, is printed legibly and conspicuously, and meets all requirements of 205. 311(b)?
13. Are labels compliant? If no, and a NC was not issued, then 205.402(a)(2) or 205.405(a) for applicants, 205.406© for certified operations.
